

POSITION DESCRIPTION

Position Title: Twin Boom Jumbo Operator

Department: Mineral Resources

Number of direct reports:

Location: Tuvatu, Fiji

Roster: TBD

Reports to Position: Mine Manager

This Position Description describes your role and accountabilities. It also includes key relationships, inside and outside Lion One, and the skills, knowledge, experience, and behaviours that are vital to your success in the role. At times you may be expected to perform reasonable additional duties that are related to your role but are not specified in your position description as directed by your supervisor.

Purpose

To provide excellent mining and drilling skills to Lion One Metals.

Key Accountabilities or Activities

- Competent in bolting, meshing and boring
- Accurately mark-up and drill several drill patterns using a mechanised hydraulic or electric Jumbo drill to suit conditions of the drive
- Asses ground conditions at the face and implement good ground control according to site requirements
- Read and accurately follow mine instruction plans with skills and precision ensuring holes are drilled to design line, gradient and profile.
- Communicate with surveyors, geologists and engineers to optimise drill pattern and meters
- Other duties assigned by the Mine Manager

Code of Conduct

- Adherence at all times to the Lion One Code of Conduct. The code provides standards for appropriate ethical and professional behaviour. It is based on Lion One's values of Safety, Integrity, Action and Results which form the basis of, and underpin all of Lion One's business relationships

Safety, Health, Environment and Community (SHEC)

- Demonstrate safe behaviour at all times and comply with the site's standards and procedures in SHEC.
- Promote awareness of SHEC practices and imbed a safety culture
- Demonstrate effective performance in achieving agreed SHEC goals that support the department site and company standards
- Demonstrate leadership in SHEC through personal behaviours and conversations
