

# POSITION DESCRIPTION

**Position Title:** Long Hole Driller

**Department:** Mineral Resources

**Number of direct reports:**

**Location:** Tuvatu, Fiji

**Roster:** TBD

**Reports to Position:** Mine Manager

This Position Description describes your role and accountabilities. It also includes key relationships, inside and outside Lion One, and the skills, knowledge, experience, and behaviours that are vital to your success in the role. At times you may be expected to perform reasonable additional duties that are related to your role but are not specified in your position description as directed by your supervisor.

## Purpose

To provide excellent mining and drilling skills to Lion One Metals.

## Key Accountabilities or Activities

- Carry out a pre-start check before operating the drill unit.
- Ensure that the drilling plan is understood and followed.
- Assess ground conditions at the face and implement good ground control according to site requirements
- Make note of any variation from the drilling plan, such as blocked holes, breakthroughs, and deviation.
- Communicate with surveyors, geologists and engineers to optimise drill pattern
- Work with the maintenance team to ensure the machine is serviced and maintained in proper working order.
- Other duties assigned by the Mine Manager

## Code of Conduct

- Adherence at all times to the Lion One Code of Conduct. The code provides standards for appropriate ethical and professional behaviour. It is based on Lion One's values of Safety, Integrity, Action and Results which form the basis of, and underpin all of Lion One's business relationships

## Safety, Health, Environment and Community (SHEC)

- Demonstrate safe behaviour at all times and comply with the site's standards and procedures.
- Promote awareness of SHEC practices and imbued a safety culture
- Demonstrate effective performance in achieving agreed SHEC goals that support the department site and company standards
- Demonstrate leadership in SHEC through personal behaviours and conversations

## Position Required Capabilities

### Skills:

- Ability to schedule and prioritise tasks.
- Have an understanding and strong commitment for workplace health and safety
- Experience operating twin boom Jumbos
