

Lion One Announces Formation of Special Committee and Responds to Request for Shareholder Meeting

North Vancouver, British Columbia, – March 30, 2026 - The Board of Directors of Lion One Metals Limited (TSXV: LIO) (OCTX:LOMLF) (“Lion One” or the “Company”), in conjunction with a newly formed special committee (the “**Special Committee**”) announced today that, with the assistance of its professional advisors, it has determined that the request for a shareholder meeting dated March 9, 2026 (the “**Request**”) does not constitute a valid shareholder requisition and cannot be acted on. Accordingly, the Company will not be calling a meeting of shareholders in response to the Request.

The Special Committee of independent directors was formed to, among other things, respond to the Request, as well as oversee a strategic process to identify, examine and consider a range of strategic alternatives available to the Company in order to maximize shareholder value.

As it has in the past, the Company welcomes the perspectives of its shareholders and looks forward to an ongoing dialogue through the special committee. The special committee, board and management team will continue to prioritize good governance and perform their duties in the best interest of the Company.

About Lion One Metals Limited

Lion One is an emerging Canadian gold producer headquartered in North Vancouver BC, with new operations established in late 2023 at its 100% owned Tuvatu Alkaline Gold Project in Fiji. The Tuvatu project comprises the high-grade Tuvatu Alkaline Gold Deposit, the Underground Gold Mine, the Pilot Plant, Tailings Storage Facility, and Assay Lab. The Company also has an extensive exploration license covering the entire Navilawa Caldera, which is host to multiple mineralized zones and highly prospective exploration targets.

On behalf of the Board of Directors,
Campbell Olsen, Chief Executive Officer
